What does this mean?
The NM PED celebrates the diversity of its student population. This measure showcases the diversity of students enrolled at the school or district.
Academic performance

The New Mexico Public Education Department (NM PED) is committed to ensuring every student is adequately equipped to achieve their goals. Academic Performance is one way to understand how well schools are preparing students for their futures.

Overall Performance 2018-2019

47
out of 100

What does this mean?
This number represents an overall score for the school. It helps to inform the level of support provided by the PED, and also identifies areas for celebration. The average score for Elementary and Middle Schools is 48, while High Schools average 49. The average overall score for Districts is 53. All schools that score within the top 25% across the state will receive a Spotlight Designation.

How was this calculated?
Schools can earn points by performing well in a variety of areas. Some components reflected in a school’s overall performance number include school climate, attendance and graduation rates, as well as traditional metrics around academic proficiency and growth. For additional detail on how this number is calculated, please refer to the technical user guide.

Teacher Certification

99%
District
100%
State

What does this mean?
This reports the percentage of teachers at this school who are certified.
