HOW TO READ THIS REPORT

The Educator Preparation Report Card contains four (4) domains: Candidate Profile, Employment, Satisfaction, and Provider Impact. Each domain is comprised of multiple metrics. To date, data has not been collected for the Satisfaction domain, so it will be unscored this year. A provider must have at least ten total completers or licensed, job-embedded candidates and must generate a score on at least one half of the metrics in each domain in order to generate an overall performance category rating. For more information, please refer to the technical guide.

The 2018 Educator Preparation Report Card presents data on the State Board's key priority areas for preparing educators for Tennessee. This is calculated using the percentage of points earned across all metrics. Category 1 represents the lowest performance, and Category 4 represents the highest performance.

The 2018 Educator Preparation Report Card will include data on three cohorts of completers (2014-15, 2015-16, and 2016-17). Performance on each metric is displayed in the format shown in the graphic on the right.

The score of **77.2** earned this EPP **1.7 of 3** possible points on this metric. This score increased **8.6** percentage points from 2016.

- 1** Scores in this range are below the scored range and earn an EPP no points.
- 2** This is the scored range. Scores in this range earn an EPP partial points proportionate to their score.
- 3** This range is above the target score. Values in this range earn an EPP maximum points.

Completer Placement Across Tennessee

Situated in northeast Tennessee, East Tennessee State University is a state-supported institution with a student population of over 14,000 including undergraduate and graduate. The majority of students are from Tennessee and the surrounding southeastern region of the US; over 48 states and territories as well as 76 foreign countries are also represented. The institution was established in 1911 as the East Tennessee State Normal School and became East Tennessee State Teachers College in 1925. This long history of preparing teachers for the classroom continues today with programs offered online, at the main Johnson City campus and in Kingsport, Sevierville, and Morristown. The Clemmer College offers 39 teacher licensure programs as well as undergraduate and graduate degrees in the departments of Human Services and Counseling; Educational Leadership and Policy Analysis; Sport, Exercise, Recreation, and Kinesiology; Curriculum and Instruction; Educational Foundations and Special Education; and Early Childhood Education. Students in teacher education programs are immersed in P-12 classrooms throughout their four-year college experience and complete a year-long clinical residency in public school classrooms. Each teacher candidate seeking initial licensure as a teacher in Tennessee completes a performance-based subject-specific assessment that measures skills and knowledge that all teachers must master in order to be effective.

**Due to challenges experienced with statewide student assessment in the 2017-18 school year, state law held students, teachers, and schools harmless from adverse actions based on results of those assessments. The data included in this report ensure providers are held harmless if any of their completers chose not to count their 2017-18 evaluation results due to assessment irregularities.
